

Your journey of aspirations begins here!

CDB believes in elevating the lives of all Sri Lankans. Our focus is to employ and engage individuals who aspire to grow their careers within a renowned financial entity, working with a dynamic team of industry professionals who are dedicated to raising the bar and setting benchmarks in Sri Lanka's financial industry.

Machine Learning Engineer

We are seeking a proactive Machine Learning Engineer to design, deploy, and optimize scalable ML solutions. You will collaborate with data scientists and engineering teams to bring models into production, improve performance, and drive measurable business impact.

Key Responsibilities	Required Qualifications
• Develop, test, and deploy machine learning models into production • Build and maintain scalable ML pipelines • Collaborate with data scientists to optimize and productionize models • Monitor model performance and retrain when necessary • Work with large datasets and optimize data processing workflows • Ensure code quality, versioning, and documentation	• Bachelor's degree in Computer Science, Data Science, or a related field • 2+ years of experience in Machine Learning, Software Engineering, or related roles • Strong programming skills in Python • Experience with ML libraries such as Scikit-Learn, TensorFlow, or PyTorch • Good understanding of machine learning algorithms and model lifecycle • Experience with SQL and databases • Familiarity with APIs (Flask/FastAPI) • Experience with Git and version control • Understanding of Docker and basic MLOps concepts
Added Advantage	
• Experience with CI/CD pipelines • Familiarity with Kubernetes • Experience with big data tools (Spark/PySpark) • Knowledge of MLflow or Kubeflow • Experience with real-time/streaming data systems	

Rewards and remuneration commensurate with qualifications, competencies and abilities, with a well-defined career path awaits those with ambition, motivation and a willingness to perform.

Please e-mail your CV together with contact details of two non-related referees indicating the position applied for in the "Subject" line of the e-mail to
